Société canadienne de sociologie

Student Concerns Subcommittee

Our Priorities

Identify and advocate for student concerns

Provide professional development opportunities

Build relationships among sociology students

Our Projects

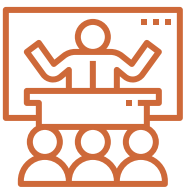

CSA-SCS Website: Find all committee information and project details here. Make sure to check out the **bulletin board** with conference and job postings as well as the **resources page** for tips on CV writing, networking, academic writing, and student health and wellness.

Student Webinar Series: Interactive webinars focused on professional development for those interested in academic and non-academic careers. Access all past webinars on our website.

Our Partner Projects

Annual CSA Conference: Held alongside the Federation for the Humanities and Social Sciences Congress, the Conference provides members the opportunity to present emerging research and build nationwide networks. Dedicated sessions and events are organized to connect students with established scholars and practitioners.

CSA Mentorship Program: This program matches Black, Indigenous, and racialized graduate students with mentors to provide additional support in overcoming barriers to their academic and professional success.

Over **100** Canadian and international institutions are represented by CSA
